MISA: Military Impacted Schools Association

Education is an important quality of life program for military Families. Military Impacted Schools Association (MISA) is a national organization of school superintendents dedicated to serving school districts with a high concentration of military children.

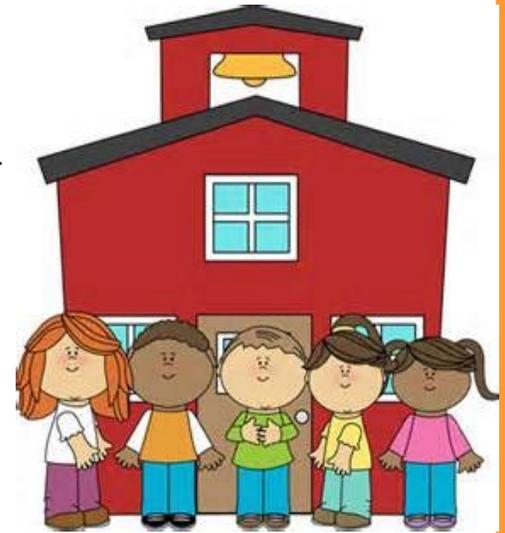

Formed in 1986, MISA works on funding (Impact Aid), legislation, partnerships and programs for military Families on the move.

MISA partners with the Department of Defense Education Activity, National Military Family Association, and military leaders to ensure that all military children are afforded a quality education.

The site contains an extensive list of links for useful resources for military Families and schools.

The resources for Families include:

- Adolescent psychiatry
- After deployment
- Connectedness
- Family Education Network
- Future of Children
- Interstate Compact
- Kindergarten Eligibility by State
- March 2 Success
- Military Kids Connect
- Military OneSource
- My Military Life App
- Operation Purple Camp
- Resilience in Time of War
- School Liaisons
- School Psychologists
- Special Needs
- Student Checklist
- Talk with Kids

- Zero to Three

MISA works to develop many partnerships with a common cause -- doing what's best for our military children and Families, as identified above.

MISA also works with local school districts to include a military representative on the school board, open lines of two-way communication between school district and military installation, and provide information regarding Impact Aid Reauthorization. Impact Aid is the second oldest elementary-secondary federal education program administered by the Department of Education currently in law.
